Barron square

TO:

ALL MEMBERS OF

BARRON SQUARE HOMEOWNERS ASSOCIATION

FROM:

DEBORAH McGRAW, PML MANAGEMENT CORP.

ASSOCIATION MANAGER

SUBJECT: COPY OF INDEPENDENT AUDITORS' REPORT

FOR YEARS ENDED DEC. 31, 2006 AND 2005

DATE:

APRIL 16, 2007

Enclosed please find your copy of the Financial Statements and Independent Auditors' Report for the Years Ended December 31, 2006 and 2005, more commonly referred to as the 2006 AUDIT, for Barron Square Homeowners Association as prepared by Levy, Erlanger & Company, CPA's, the Association's auditors. This audit is being mailed to you as specified in Section 1365 of the California Civil Code.

Please keep your copy of the 2006 AUDIT with your other Association documents for easy reference and for availability in the event that you should sell or refinance your unit.

If you have any question regarding the 2006 AUDIT, please submit them, inwriting, to the Board of Governors, in care of PML Management at the address below.

INDEPENDENT AUDITORS' REPORT

Board of Directors

The Barron Square Homeowners Association
Palo Alto, California

We have audited the accompanying balance sheets of **The Barron Square Homeowners Association** (the Association) as of December 31, 2006 and 2005 and the related statements of revenues, expenses and changes in fund balances, and the statements of cash flows, for the years then ended. These statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **The Barron Square Homeowners Association** as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

As further discussed in the notes to the financial statements, the Association has completed a study of its common area major components sufficient to assist the Board in planning for future major repairs and

Board of Directors

The Barron Square Homeowners Association

Independent Auditors' Report (Continued)

replacements. The reasonableness of the resulting replacement reserve funding plan is a function of the completeness of the major component list, and the accuracy of the estimated quantity, useful and remaining lives, and replacement costs of those components.

Funds are being accumulated in the replacement fund based on estimated future costs for repair and replacement of common area property. Actual expenditures and investment income may vary from the estimated amounts, and the variations may be material. Therefore, amounts accumulated in the replacement fund may or may not be adequate to meet all future component repair and replacement costs. The ability of the Association to fund its future requirements is dependent upon annual increases in that portion of the assessment which is allocated to the replacement fund, and/or special assessments. In the event that funds are not available when needed, the board may, subject to the constraints of California law and the Association's governing documents, increase regular assessments, levy special assessments, and/or delay repair and replacement until sufficient funds are available.

The Supplementary Information On Future Major Repairs And Replacements is not a required part of the basic financial statements but is supplementary information required by the American Institute of Certified Public Accountants. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and therefore express no opinion on it.

Luy Eller Warmy

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2006 AND 2005

1. THE ASSOCIATION

The Barron Square Homeowners Association (the Association) is a common interest development located in Palo Alto, California which consists of 65 residential units and certain common area property. The Association was organized as a nonprofit mutual-benefit corporation in April 1979 to provide for management, maintenance and architectural control of the individual units and the common area property. The Association is governed by a member-elected Board of Directors which is responsible for enforcing provisions of the governing documents, which include covenants, conditions and restrictions (CC&Rs), by laws, and rules and regulations. Major decisions, as determined by the CC&Rs, are referred to the Association owners as a whole.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Association members are subject to annual assessments, usually payable in equal monthly installments, to provide funds for operating expenses and major repairs and replacements. In addition to regular annual assessments, special and/or emergency assessments may be imposed by the Association's board of directors, under certain circumstances without member approval. Any excess assessments at year end are retained by the Association for use in the succeeding year. Revenue and expenses and information about future major repairs and replacements is explained in greater detail in the annually distributed pro forma operating budget (pursuant to California Civil Code Section 1365).

Assessments receivable at the balance sheet date represents the aggregate amount of assessments due from unit owners. The Association's policy is to retain a collection service and/or legal counsel and place liens on the properties of owners whose assessments are delinquent. In certain instances, foreclosure may be necessary. The collection process is explained in greater detail in the annually distributed delinquent assessment

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2006 AND 2005

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assessments receivable (continued) collection policy (pursuant to California Civil Code Section 1365.1). Because of these collection procedures, the Board believes that, subject to a reasonable allowance for doubtful accounts, if any, all assessments are collectible.

Basis of presentation. The accompanying financial statements, and the Association's corporate income tax returns, have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, whereby revenues are recognized when earned and expenses are recognized when incurred.

<u>Cash and cash equivalents</u>. For purposes of the statement of cash flows, the Association considers all short-term investments with a maturity at date of purchase of three months or less to be cash equivalents. Cash equivalents are classified with cash in the balance sheet.

Concentrations of credit risk. Financial instruments which potentially subject the Association to concentrations of credit risk consist principally of cash, cash equivalents and investments. The Association maintains its financial instruments with what management believes to be high credit quality financial institutions and limits the amount of credit exposure to any one particular institution. Cash, cash equivalents and investments in excess of federal deposit insurance (FDIC) coverage limits as of December 31, 2006 totaled approximately \$-0-.

Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2006 AND 2005

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates (continued). Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fund accounting. The Association's governing documents provide certain guidelines for governing its financial activities. To ensure the observance of limitations and restrictions on the use of financial resources, the Association maintains its accounts using fund accounting. Financial resources are classified for accounting and reporting purposes in two funds established according to their nature and purpose. The operations fund is used to account for the financial resources available for the general day-to-day operations of the Association. The replacement fund is used to accumulate financial resources designated for future major repairs and replacements.

Income taxes are paid on income from sources which are not related to the nonprofit, membership purposes of the Association. Nonmembership income, less related nonmembership expenses, subject to federal and California income taxes includes interest earned on cash and investments.

For federal purposes, the Association may elect to be taxed as either a regular corporation or as a homeowners association. In the former instance, it is taxed at graduated rates from 15% to 39% on net nonmember income; in the latter case it is taxed on net nonexempt function income (which is generally similar to net nonmember income) at a flat 30% rate. California income taxes normally approximate 9% of taxable income.

<u>Interest earned</u> on operating and replacement funds, net of related income taxes, is retained in said respective funds.

<u>Investments</u> consist of federally-insured certificates of deposit stated at cost which approximates market value.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2006 AND 2005

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Membership</u> in the Association is mandatory by virtue of unit ownership.

Real and personal common property acquired by the original owners from the developer is not recognized in the Association's financial statements, in accordance with prevalent industry practice, because it is commonly owned by the individual Association members and its disposition by the Board of Directors is restricted. Similarly, major repairs, replacements and improvements to real and personal property are not recognized.

3. FUTURE MAJOR REPAIRS AND REPLACEMENTS

The Association's governing documents, and California state law (Civil Code Section 1365), require that the Board of Directors provide for the repair and replacement of Association common area major components. Accordingly, funds which comprise the replacement fund are not generally available for the payment of day-to-day operating expenses.

The Association has completed a study of its common area major components sufficient to assist the Board in planning for future major repairs and replacements. The reasonableness of the resulting reserve funding plan is a function of the completeness of the major component list, the accuracy of the estimated quantity, useful and remaining lives and current replacement costs of those components, and the reasonableness of significant funding assumptions, including but not limited to the projected cost increase (aka inflation) and interest earning rates.

Funds are being accumulated in the replacement fund based on estimated future costs for repair and replacement of common area property. Actual expenditures and investment income may vary from the estimated amounts, and the variations may be material.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2006 AND 2005

3. FUTURE MAJOR REPAIRS AND REPLACEMENTS (CONTINUED)

Therefore, amounts accumulated in the replacement fund may not be adequate to meet all future component repair and replacement costs. The ability of the Association to fund its future requirements is dependent upon annual increases in that portion of the assessment which is allocated to the replacement fund, and/or special assessments. In the event that funds are not available when needed, the Board may, subject to the constraints of California law and the Association's governing documents, increase regular assessments, levy special assessments, and/or delay repair and replacement until funds are available.

Additional information about future major repairs and replacements may be found in the annually-distributed assessment and reserve funding disclosure summary (pursuant to California Civil Code Section 1365.2.5).

4. COMMITMENTS

The Association enters into contracts for management and/or maintenance services in the normal course of its business operations. These contracts are generally cancelable on thirty to ninety days' notice.

SUPPLEMENTARY INFORMATION ON FUTURE MAJOR REPAIRS AND REPLACEMENTS DECEMBER 31, 2006 (UNAUDITED)

The Association has conducted a study to estimate the remaining lives and current replacement costs of common property major components. Funding requirements consider an estimated **before-tax** interest rate of -0-% on replacement fund cash balances and an annual inflation rate of 3-1/2% on major component replacement costs. The replacement fund cash and investment balances at December 31, 2006 totaled \$724,199. The estimated liability for major repairs and replacements at this date totaled approximately \$1,294,000. The portion of 2007 regular assessments budgeted to be allocated to the replacement fund totals \$169,533.
